DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 07/22/2004 has been considered. A copy of the 1449 initialed, dated and signed by the Examiner is included herewith.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Regarding claims 1-23, the phrase "for instance" (claim 1, line 1) renders the claims indefinite, because it is unclear whether the limitations following the phrase are part of the claimed invention. It is suggested that applicant cancel this phrase in order to obviate this ground of rejection. See MPEP § 2173.05(d).

Allowable Subject Matter

5. Claims 1-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
6. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fails to teach or to suggest a foil for use in an imaging system, the foil having a first surface and a second surface located substantially opposite this first surface, the first surface being provided with multiple recesses, which each extend from the first surface through a part of a thickness of the foil in the direction of the second surface, and which can each be filled with a

liquid, wherein the multiple recesses are divided over a number of sets, which each contain a number of the recesses, each recess in a set exclusively having a liquid connection with other recesses in that set, as recited in independent claim 1. Since claims 2-23 each depend, directly or indirectly, from claim 1, they are allowable over the prior art of record for at least the same reasons as claim 1.
